

To Whom It May Concern,

K-LOVE is of course a positive and encouraging radio station. But for me it is a special station that can only build me up. When I listen to this station in the morning it always sets a good mood for me for the rest of the day. It has also lifted me up me up to live a strong Christian life just by the songs they play and the people they have broadcast. It effects my whole family to do the right thing and it helps us to get along with each other more easily. This station also encourages my church youth group; when we go on a trip or do a community service project K-LOVE is always on in the van or car. I also believe that it is best for the public because it can only lift people and is a strong ministry for the Lord Jesus Christ. It helps teens like my self that being a Christian can be cool and not something that old people do.

A K-LOVE listener,
